

The diagram illustrates a proposed urban design for a street section. It consists of three main parts: a perspective view, a cross-section, and a plan view.

- Perspective View:** Shows a street scene with trees, a pedestrian, and two cars (a sedan and a truck) parked on the street.
- Cross-section:** Shows a cross-section of the street. The central area is labeled 'P' (Parking) and contains two cars. The side areas are labeled 'FS' (Footway) and contain trees. The street is flanked by walls.
- Plan View:** Shows a color-coded plan view of the street section. The dimensions are given in meters (m) and feet (ft). The dimensions are: 1.30 m (4 ft 3 in) for the left side, 6.00 m (19 ft 8 in) for the central parking area, and 1.50 m (4 ft 9 in) for the right side. The side areas are labeled 'FS' (Footway) and 'FC' (Footway/Carriageway).

- ## JIRÓN SAN MIGUEL (11.70 m)

Tramo: Ca. Mario Florian - Av. Agustín de la Rosa Toro

1. Cualquier elemento que se instale en la Franja Técnica deberá formar parte del Núcleo Técnico Urbano, entendido como el sistema que organiza y agrupa los elementos autorizados dentro del espacio público, a fin de evitar instalaciones aisladas que comprometan la continuidad, la legibilidad y la seguridad del recorrido peatonal.

LP = LÍMITE DE PROPIEDAD
 V = VEREDA
 J/E = JARDÍN / ESTACIONAMIENTO
 VC = VÍA CICLISTA
 BC = BERMA CENTRAL
 PP = PISTA PRINCIPAL
 PS = PISTA SECUNDARIA
 FE = FRANJA EXCEPCIONAL
 FS = FRANJA DE SERVICIO
 FT = FRANJA TÉCNICA
 FC = FRANJA DE CIRCULACIÓN
 S = SEPARADOR CENTRAL O LATERAL
 TP = PISTA EXCLUSIVA DE TRANSPORTE PÚBLICO COLECTIVO
